UPDATE ON PREPARATIONS FOR VIWENTIAS 2026:

Dear Professor,

I hope you are doing well. I am writing to provide you with an update on the preparations for KLH Bachupally's annual tech-fest, "viwentias 2026." As a member of the organizing committee, I would like to share the progress made so far.

We have completed several important tasks, including finalizing the event schedule, coordinating with the student volunteers, and making arrangements for the required venues and technical equipment. The registration process has also been started, and the details regarding the various technical events and competitions have been shared with the participants. The publicity and promotion activities are also in progress.

A few tasks still need to be completed before the event. These include final confirmation of the participants, testing the audio-visual and technical equipment, arranging certificates and prizes, and making sure that all

volunteers are assigned their responsibilities. We also need to conduct a final review of the event schedule and make any necessary changes.

We will continue working on the remaining tasks and ensure that everything is completed before the event. Please let us know if there are any additional instructions or changes that need to be considered.

Thank you for your guidance and support.

Best regards,

Moksha Sai

Subject: Progress Update on Viwentiaa 2026 Preparations

Dear Professor,

I hope you are doing well. I am writing to provide you with an update on the preparations for KLH Bachupally's annual tech-fest, Viwentiaa 2026.

As a member of the organizing committee, I have been working with the team on the preparations and coordination required for the event. We have discussed the overall event plan and divided responsibilities among the committee members.

So far, we have completed several important tasks. These include discussing the event activities, assigning responsibilities to team members, planning the requirements for different activities, and coordinating with the different teams involved in the event.

We are currently working on the remaining preparations. These include finalizing the event schedule, coordinating with participants and volunteers, checking the availability of required resources, and making sure that the different activities are properly planned.

One of our main priorities is to ensure that all activities are properly organized and that there is clear communication between the different teams.

Before the event, we still need to complete the remaining arrangements and conduct a final review. We will check the schedule, resources, responsibilities, and other requirements to make sure everything is ready.

Please let us know if there are any additional instructions, changes, or suggestions that we should consider.

Thank you for your continued guidance and support.

Sincerely,
Bhavya Sarika
